Subject index

24 hour ambulatory blood pressure monitoring, Twenty four hour ambulatory blood pressure monitoring: a new tool for determining cardiovascular prognosis, **548**
3D visulisation, Three dimensional reconstruction of the pancreas based on the virtual Chinese human—female number 1, **392**
5-aminosalicylic acid, Effects of topical treatment of sodium butyrate and 5-aminosalicylic acid on expression of trefoil factor 3, interleukin 1β, and nuclear factor κB in trinitrobenzene sulphonic acid induced colitis in rats, **130**
5-ASA preparations, Distal adenomatous polyps are rare in patients with inflammatory bowel disease, **76**

ablation, Modern management of arrhythmias, **117**
academic medicine, The role of research training during higher medical education in the promotion of academic medicine in the UK, **767**
acidosis, Management of acute renal failure, **106**
acne grading, Acne: more than skin deep, **500**
acne psychological effects, Acne: more than skin deep, **500**
acne treatment, Acne: more than skin deep, **500**
acne vulgaris, Acne: more than skin deep, **500**
acromegaly, Growth hormone and its disorders, **24**
acute aortic syndrome, Acute aortic syndrome: pathology and therapeutic strategies, **305**
acute coronary syndrome, Reducing transfer times for coronary angiography in patients with acute coronary syndromes: one solution to a national problem, **411**
acute coronary syndromes, Long term prognosis of heart failure after acute coronary syndromes without ST elevation, **55**
acute hepatitis B, Acute hepatitis B in the era of immunisation: pitfalls in the identification of high risk patients, **207**
acute illness, Recognition of acute illness in people with chronic neurological disability, **267**
acute lung injury, Pulmonary leptospirosis: an excellent response to bolus methylprednisolone, **602**
acute peritoneal dialysis, Paediatric acute peritoneal dialysis in southern Nigeria, **228**
acute renal failure, Management of acute renal failure, **106**
Paediatric acute peritoneal dialysis in southern Nigeria, **228**
acute upper gastrointestinal haemorrhage, Predicting outcome of acute non-variceal upper gastrointestinal haemorrhage without endoscopy using the clinical Rockall Score, **757**
adenomatous polyps, Distal adenomatous polyps are rare in patients with inflammatory bowel disease, **76**
adverse monitoring features, Twenty four hour ambulatory blood pressure monitoring: a new tool for determining cardiovascular prognosis, **548**
aetiology, What is the origin of ulcerative colitis? Still more questions than answers, **620**
age related hearing loss, Ageing and the auditory system, **166**
age related macular degeneration, Ageing changes in the eye, **581**
aged, Effects of ageing on smell and taste, **239**
Malnutrition and ageing, **2**
ageing, Ageing and the auditory system, **166**
Ageing and the brain, **84**
Ageing and vascular ageing, **357**
Ageing changes in the eye, **581**
Effects of ageing on touch, **301**
AIDS, A single centre cohort experience with a new once daily antiretroviral drug, **343**
alarm symptoms, Does endoscopy diagnose early gastrointestinal cancer in patients with uncomplicated dyspepsia?, **52**
alveolitis, Interstitial lung disease: progress and problems, **494**
amiodarone, Amiodarone toxicity presenting as pulmonary mass and peripheral neuropathy: the continuing diagnostic challenge, **73**
amphotericin, Leishmaniasis, **649**
anal sphincter repair, Investigation and treatment of faecal incontinence, **363**
anal sphincter, Investigation and treatment of faecal incontinence, **363**
anatomy, Three dimensional reconstruction of the pancreas based on the virtual Chinese human—female number 1, **392**
and children, Varicella vaccination in children with lymphoma and solid tumours, **760**
animals, Parkinson's disease and primate research: past, present, and future, **293**
anorectal physiology, Investigation and treatment of faecal incontinence, **363**
antibiotics, Antibiotic prescription for patients referred to a specialist breast clinic, **771**
anticoagulation, Retrospective analysis of the use of inferior vena cava filters in routine hospital practice, **150**
anticonvulsants, Generalised convulsive status epilepticus: an overview, **723**
antimonial, Leishmaniasis, **649**
appetite, Malnutrition and ageing, **2**
appointments, Outpatient follow up appointments; Are we using the resources effectively?, **465**
arcus senilis, Ageing changes in the eye, **581**
arrhythmia, Modern management of arrhythmias, **117**
arterial compliance, Ageing and vascular ageing, **357**
arterial hypertension, The patient with supine hypertension and orthostatic hypotension: a clinical dilemma, **246**
aseptic meningitis, Clinical and diagnostic findings of an echovirus meningitis outbreak in the north west of England, **60**
Asia, Why do primary care doctors undertake postgraduate diploma studies in a mixed private/public Asian setting?, **400**
aspiration pneumonia, Dysphagia in stroke patients, **383**
assessment, Practical experience of using directly observed procedures, mini clinical evaluation examinations, and peer observation in pre-registration house officer (FY1) trainees, **285**
assisted dying, Assisted dying: the ongoing debate, **479**
assisted suicide, Assisted dying: the ongoing debate, **479**
atazanavir, A single centre cohort experience with a new once daily antiretroviral drug, **343**
atherosclerosis, Potential role of dendritic cells for progression of atherosclerotic lesions, **573**
atherosclerotic disease, Role of computed tomography in risk assessment for coronary heart disease, **664**
ATP7A, Mutation in the ATP7A gene may not be responsible for hypocupraemia in copper deficiency myelopathy, **416**
atypical pneumonia, Cardiovascular complications of severe acute respiratory syndrome, **140**
atypical presentation, Recognition of acute illness in people with chronic neurological disability, **267**
audit, Secular trends in the medical discharge summary in an acute medical hospital, **615**
Surgical trainees benefit from good consultant working practices: an audit on the effect on training of a new consultant rota, **542**
auditory system, Ageing and the auditory system, **166**
autoimmune disease, Coeliac disease and primary hyperparathyroidism: an association?, **833**
autonomic nervous, The patient with supine hypertension and orthostatic hypotension: a clinical dilemma, **246**
autonomy, Dismembering the ethical physician, **233**
avenin, Coeliac disease and oats: a systematic review, **672**

Bangladeshi, Ethnic variations in the management of patients with acute stroke, **13**
Bangladeshis, Ethnic differences in control of cardiovascular risk factors in patients with type 2 diabetes attending an Inner London diabetes clinic, **211**
Barraquer–Simons syndrome, Ocular complications in acquired partial lipodystrophy, **774**
basal ganglia, Parkinson's disease and primate research: past, present, and future, **293**
bioethics, Dismembering the ethical physician, **233**
blackouts, How to avoid a misdiagnosis in patients presenting with transient loss of consciousness, **630**
bleeding, Long term clinical outcome and bleeding complications among hospital survivors with acute coronary syndromes, **224**
blood pressure, Ageing and vascular ageing, **357**
Cardiovascular complications of severe acute respiratory syndrome, **140**
Effect of methionine loading on pulse wave analysis in elderly volunteers, **524**

Twenty four hour ambulatory blood pressure monitoring: a new tool for determining cardiovascular prognosis, **548**
blood tests, Factors contributing to inappropriate ordering of tests in an academic medical department and the effect of an educational feedback strategy, **823**
body composition, Malnutrition and ageing, **2**
brain, Ageing and the brain, **84**
breast diseases, Antibiotic prescription for patients referred to a specialist breast clinic, **771**
breast, Tibolone and breast cancer, **658**
bronchoalveolar lavage, Extrinsic allergic alveolitis: comparative study of the bronchoalveolar lavage profiles and radiological presentation, **598**

calcified plaque, Role of computed tomography in risk assessment for coronary heart disease, **664**
cancer, Tibolone and breast cancer, **658**
Venous thromboembolic disease and cancer, **642**
cannulation, Open and closed chest extrathoracic cannulation for cardiopulmonary bypass and extracorporeal life support: methods, indications, and outcomes, **323**
cardiac resynchronisation therapy, Role of resynchronisation therapy and implantable cardioverter defibrillators in heart failure, **16**
cardiac, Modern management of arrhythmias, **117**
cardiomyopathy, Pitfalls in the diagnosis of left ventricular hypertrabeculation/non-compaction, **679**
cardiopulmonary bypass, Open and closed chest extrathoracic cannulation for cardiopulmonary bypass and extracorporeal life support: methods, indications, and outcomes, **323**
cardiovascular death, Long term clinical outcome and bleeding complications among hospital survivors with acute coronary syndromes, **224**
cardiovascular disease, Prevalence of obesity in type 2 diabetes in secondary care: association with cardiovascular risk factors, **280**
cardiovascular prognosis, Twenty four hour ambulatory blood pressure monitoring: a new tool for determining cardiovascular prognosis, **548**
cardiovascular risk, COX-2 inhibitors and the heart: are all coxibs the same?, **242**
Effect of methionine loading on pulse wave analysis in elderly volunteers, **524**
Ethnic differences in control of cardiovascular risk factors in patients with type 2 diabetes attending an Inner London diabetes clinic, **211**
cataract, Ageing changes in the eye, **581**
cationic trypsinogen, Genetic background of pancreatitis, **775**

Page

Ageing series

1 Introduction to the series on ageing *C Bulpitt, A Freeman*

1 Web trawl *R Webber*

2 Malnutrition and ageing *M Hickson*

Education and learning

9 Conflict management: a primer for doctors in training *D C Saltman, N A O'Dea, M R Kidd*

Ethnicity

13 Ethnic variations in the management of patients with acute stroke *J Bourke, R Sylvester, P Sharma*

Reviews

16 Role of resynchronisation therapy and implantable cardioverter defibrillators in heart failure *S Ellery, L Williams, M Frenneaux*

24 Growth hormone and its disorders *J Ayuk, M C Sheppard*

31 Vesicoureteric reflux and urinary tract infection in children *I Blumenthal*

36 Neurosyphilis with optic neuritis: an update *G T Smith, D Goldmeier, C Migdal*

Original articles

40 Application of Gleason analogous grading system and flow cytometry DNA analysis in a novel knock-in mouse prostate cancer model *G Wu, Lei Yu, L Wang, H Wang, J W Xuan*

46 Current difficulties in the diagnosis and management of spinal tuberculosis *L Cormican, R Hammal, J Messenger, H J Milburn*

52 Does endoscopy diagnose early gastrointestinal cancer in patients with uncomplicated dyspepsia? *N Sundar, V Muraleedharan, J Pandit, J T Green, R Crimmins, G L Swift*

55 Long term prognosis of heart failure after acute coronary syndromes without ST elevation *M C Shibata, J Collinson, A K Taneja, A Bakhai, M D Flather*

60 Clinical and diagnostic findings of an echovirus meningitis outbreak in the north west of England *E D Carrol, M B J Beadsworth, N Jenkins, L Ratcliffe, I Ashton, B Crowley, F J Nye, N J Beeching*

65 Role of cognitive function in assessing informed consent for endoscopy *A D Yeoman, M J Dew, L Das, S Rajapaksa*

70 From presentation to publication: the natural history of orthopaedic abstracts in the United Kingdom *E Guryel, A W Durrant, R Alakeson, D M Ricketts*

Adverse drug reaction

73 Amiodarone toxicity presenting as pulmonary mass and peripheral neuropathy: the continuing diagnostic challenge *I Azzam, N Tov, N Elias, J E Naschitz*

Clinical audit

76 Distal adenomatous polyps are rare in patients with inflammatory bowel disease *A Dixon, P Wurm, A Hart, R Robinson*

Electronic pages

e1 A woman with a sore throat, fever, and sweats *R Meys, P D Welsby*

e2 Self assessment answers

e3 Acquired haemophilia heralded by bleeding into the oral mucosa in a patient with bullous pemphigoid, rheumatoid arthritis, and vitiligo *R S Patel, K E Harman, C Nichols, R M Burd, S Pavord*

No 2 FEBRUARY 2006

Page

Ethicolegal

79 Parenteral nutrition: ethical and legal considerations *G M Sayers, D A J Lloyd, S M Gabe*

Ageing series

84 Ageing and the brain *R Peters*

Reviews

89 Medical and surgical management of priapism *J Cherian, A R Rao, A Thwaini, F Kapasi, I S Shergill, R Samman*

95 Diabetic neuropathy *V Bansal, J Kalita, U K Misra*

101 Treating vascular risk factors and maintaining vascular health: Is this the way towards successful cognitive ageing and preventing cognitive decline? *K Alagiakrishnan, P McCracken, H Feldman*

106 Management of acute renal failure *A C Fry, K Farrington*
117 Modern management of arrhythmias *M C S Hall, D M Todd*
126 Uroscopic rainbow: modern matula medicine*C L Foot, J F Fraser*

Original articles

130 Effects of topical treatment of sodium butyrate and 5-aminosalicylic acid on expression of trefoil factor 3, interleukin 1β, and nuclear factor κB in trinitrobenzene sulphonic acid induced colitis in rats *M Song, B Xia, J Li*
136 Incidence and risk factors for development of venous thromboembolism in Indian patients undergoing major orthopaedic surgery: results of a prospective study *V Bagaria, N Modi, A Panghate, S Vaidya*
140 Cardiovascular complications of severe acute respiratory syndrome *C-M Yu, R S-M Wong, E B Wu, S-L Kong, J Wong, G W-K Yip, Y O Y Soo, M L S Chiu, Y-S Chan, D Hui, N Lee, A Wu, C-B Leung, J J-Y Sung*
145 Analysis of predictors of success in the MRCP (UK) PACES examination in candidates attending a revision course *R Bessant, D Bessant, A Chesser, G Coakley*
150 Retrospective analysis of the use of inferior vena cava filters in routine hospital practice *Z Dovrish, R Hadary, D Blickstein, L Shilo, M H Ellis*

Personal view

154 Portrayal of negative qualities in a doctor as a potential teaching tool in medical ethics and humanism: *Journey to the End of Night* by Louis-Ferdinand Céline *G Wolf*

No 3 MARCH 2006

Page **History of medicine**
157 Shushaku Endo (19231996): his tuberculosis and his writings *O P Sharma*
161 Web trawl *R Webber*

Clinical audit

162 Role of computed tomography before lumbar puncture: a survey of clinical practice *P R Greig, D Goroszeniuk*

Ageing series

166 Ageing and the auditory system *A Howarth, G R Shone*

Reviews

172 Ventilator associated pneumonia *J D Hunter*
179 Video assisted thoracic surgery in the management of spontaneous pneumothorax: the current status *C S H Ng, T W Lee, S Wan, A P C Yim*
186 Is non-steroidal anti-inflammaory drug (NSAID) enteropathy clinically more important than NSAID gastropathy? *D Adebayo, I Bjarnason*
192 Nutritional support in the premature newborn *J W L Puntis*
199 Memory clinics *D Jolley, S M Benbow, M Grizzell*

Original articles

207 Acute hepatitis B in the era of immunisation: pitfalls in the identification of high risk patients *G Rosner, Y Lurie, L Blendis, Z Halpern, R Oren*
211 Ethnic differences in control of cardiovascular risk factors in patients with type 2 diabetes attending an Inner London diabetes clinic *T A Chowdhury, S S Lasker, R Mahfuz*
216 Investigation and management of severe hyponatraemia in a hospital setting *A Boyd, K Skagen, D Wile, C van Heyningen, I Watson, S Wong, G Gill*
220 Utility of N terminal pro brain natriuretic peptide in elderly patients *R Sivakumar, D Wellsted, K Parker, M Lynch, P Ghosh, S A Khan*
224 Long term clinical outcome and bleeding complications among hospital survivors with acute coronary syndromes *P Wong, A Robinson, S Shaw, E Rodrigues*
228 Paediatric acute peritoneal dialysis in southern Nigeria *I C Anochie, F U Eke*
171 Correction

Electronic pages

e4 A woman with a sore throat, fever, and sweats *R Meys, P D Welsby*
e5 Self assessment answers

No 4 APRIL 2006

Page **Editorial**
231 Patients, clinical practice, and the internet *D Haslam*
232 Web trawl *R Webber*

Ethics

233 Dismembering the ethical physician *S J Genuis*

Ageing series

239 Effects of ageing on smell and taste *J M Boyce, G R Shone*

Reviews

242 COX-2 inhibitors and the heart: are all coxibs the same? *P Sooriakumaran*

246 The patient with supine hypertension and orthostatic hypotension: a clinical dilemma *J E Naschitz, G Slobodin, N Elias, I Rosner*

254 Gall stones and chronic pancreatitis: the black box in between *M-X Yan, Y-Q Li*

259 Aetiology, diagnosis, and management of hypopituitarism in adult life *V K B Prabhakar, S M Shalet*

267 Recognition of acute illness in people with chronic neurological disability *A M O Bakheit*

270 Management of inflammatory bowel diseases in Eastern Europe *L Lakatos, P L Lakatos*

Original articles

274 Assessment of internet use and effects among healthcare professionals: a cross sectional survey *V K Podichetty, J Booher, M Whitfield, R S Biscup*

280 Prevalence of obesity in type 2 diabetes in secondary care: association with cardiovascular risk factors *C Daousi, I F Casson, G V Gill, I A MacFarlane, J P H Wilding, J H Pinkney*

Clinical audit

289 Diffusion weighted magnetic resonance imaging for acute stroke: practical and popular *P L Tan, D King, C J Durkin, T M Meagher, D Briley*

No 5 MAY 2006
